

The ERDS2-01B electric standing desk delivers robust performance and intelligent functionality, featuring a high-quality 1.6" MDF desktop—far superior to particle board—with a 154 lbs weight capacity. Adjust the height from 27.6" to 46.5" effortlessly using the built-in control panel, complete with 3 USB ports (a total power of 28W) to power your devices. Move smoothly between seated and standing positions to improve ergonomics and concentration. Built-in cable management—with an under-desk tray and cable hole—helps organize cords and maintain a clean, uncluttered work surface.

Features

- A premium 1.6" one-piece MDF tabletop ensures wobble-free support for up to 154 lbs.
- The high-density MDF desktop ensures exceptional durability and reliable long-term performance under heavy use.
- Adjustable legs allow desk to easily adjust to sit or stand mode while featuring best-in-class anti-collision technology.
- Smart embedded controller provides convenient access to 2 USB-A ports and 1 USB-C port, delivering 28W of total power.
- Best-in-class cable management conceals and routes cables for a premium finished look.
