

ErgoAV Modular Furniture brings elevated design and refined versatility to the modern entertainment space. With three interchangeable cabinets, the collection is thoughtfully engineered to stack or align side by side, allowing you to create a tailored media console that complements your TV size, room layout, and lifestyle.

The Shelf Cabinet offers streamlined storage for AV components, while the Soundbar Cabinet features removable sections that extend across multiple cabinets to accommodate larger soundbars with ease. Integrated front and top louvers are designed to let sound flow clearly from your soundbar, and Drawer Cabinets provide discreet, convenient storage for remotes, accessories, and small devices.

Finished in a rich oak texture and available in sophisticated black or gray, **ErgoAV Modular Furniture** creates a polished foundation for your TV while enhancing the style of your home décor.
